### Basic requirements for burial:

#### A- If the death occurs in the hospital:

1. Ask the doctor to issue a death certificate. This certificate is very important. Without it the county will not issue an interment certificate! without these documents it is illegal to move the body and bury it.
2. Call one of the Islamic Organization and the individual listed in this pamphlet to get the required guidance.
3. Call a funeral home and arrange for the body to be transferred. The funeral Home will secure the release of the body from the hospital and will move it to the funeral home. Where washing and preparation for the burial will be arranged.
4. Make preparation for the washing the body.
5. Make preparation for the burial.

#### B. If the death occurs at home:

1. Call 911 if the death is due to a terminal illness.
2. If the death is due to an accident call the police immediately.
3. Call the family doctor. If none is available the 911 response team will take over the process and ensures the death certificate by the county office (typically the Coroner's office)
4. Call the Islamic Center.
5. Call the Funeral Home .
6. Make preparation for washing the deceased person.
7. Make arrangement for burial.
